*a Huge*  
contribution to  
humanity...

Everyone is aching to be a **Hero...**

**Greg Montana** is committed to spiritual integrity and seeing that people live in alignment with *what's most meaningful to them*.

Greg is a graduate of Stevens Institute of Technology with a Engineering Degree where he studied energy & quantum physics. He is the author of *Unlock Your Heart Virtue...Become the Authentic Leader of Your Life*.

As a former monk of eight years, Greg spent more than 15,000 hours in silent meditation. During that time, he studied the lives of heroes and found they all expressed a single virtue they were willing to live and die for. Greg is NOW and inspirational speaker, and his passion is to have six billion people know their Heart Virtue™.

Greg shares three main skills of heroes with his audiences. Heroes know who they are; They speak powerfully and beautifully and they make a huge contribution to humanity. Greg trains people to master their own hero within and receives endless testimonies from participants who have gained clarity and confidence in discovering their purpose. At the foundation of Greg's workshops, he leads you through a process of identifying your very own Heart Virtue™ (like a unique fingerprint) that may have been hidden in a blind spot. This allows each person to take a stand for what they believe in and experience more authentic, lasting fulfillment. Greg has trained entrepreneurs, psychologists, ministers, Olympic Gold Medalists, and Academy & Emmy award-winning celebrities who were at the top of their game asking themselves "what next!?"

He is an accomplished speaker and leads many experiential workshops/seminars with his wife Tamara. Their dedication to the healing arts has resulted in working with families and corporations in identifying their "Authentic Culture" as their brand by understanding each individual's Heart Virtues™.

**Tamara Montana** is committed to awakening authentic self-expression through acceptance and uncovering the hidden treasures that lie within all of us.

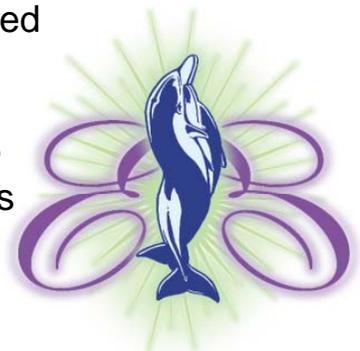

As a Licensed Psychotherapist and a Heart Virtue Expert, Tamara shows us where we get stuck in relationships and how to transcend the internal prison walls that prevent us from experiencing the intimacy we crave in ourselves and others.

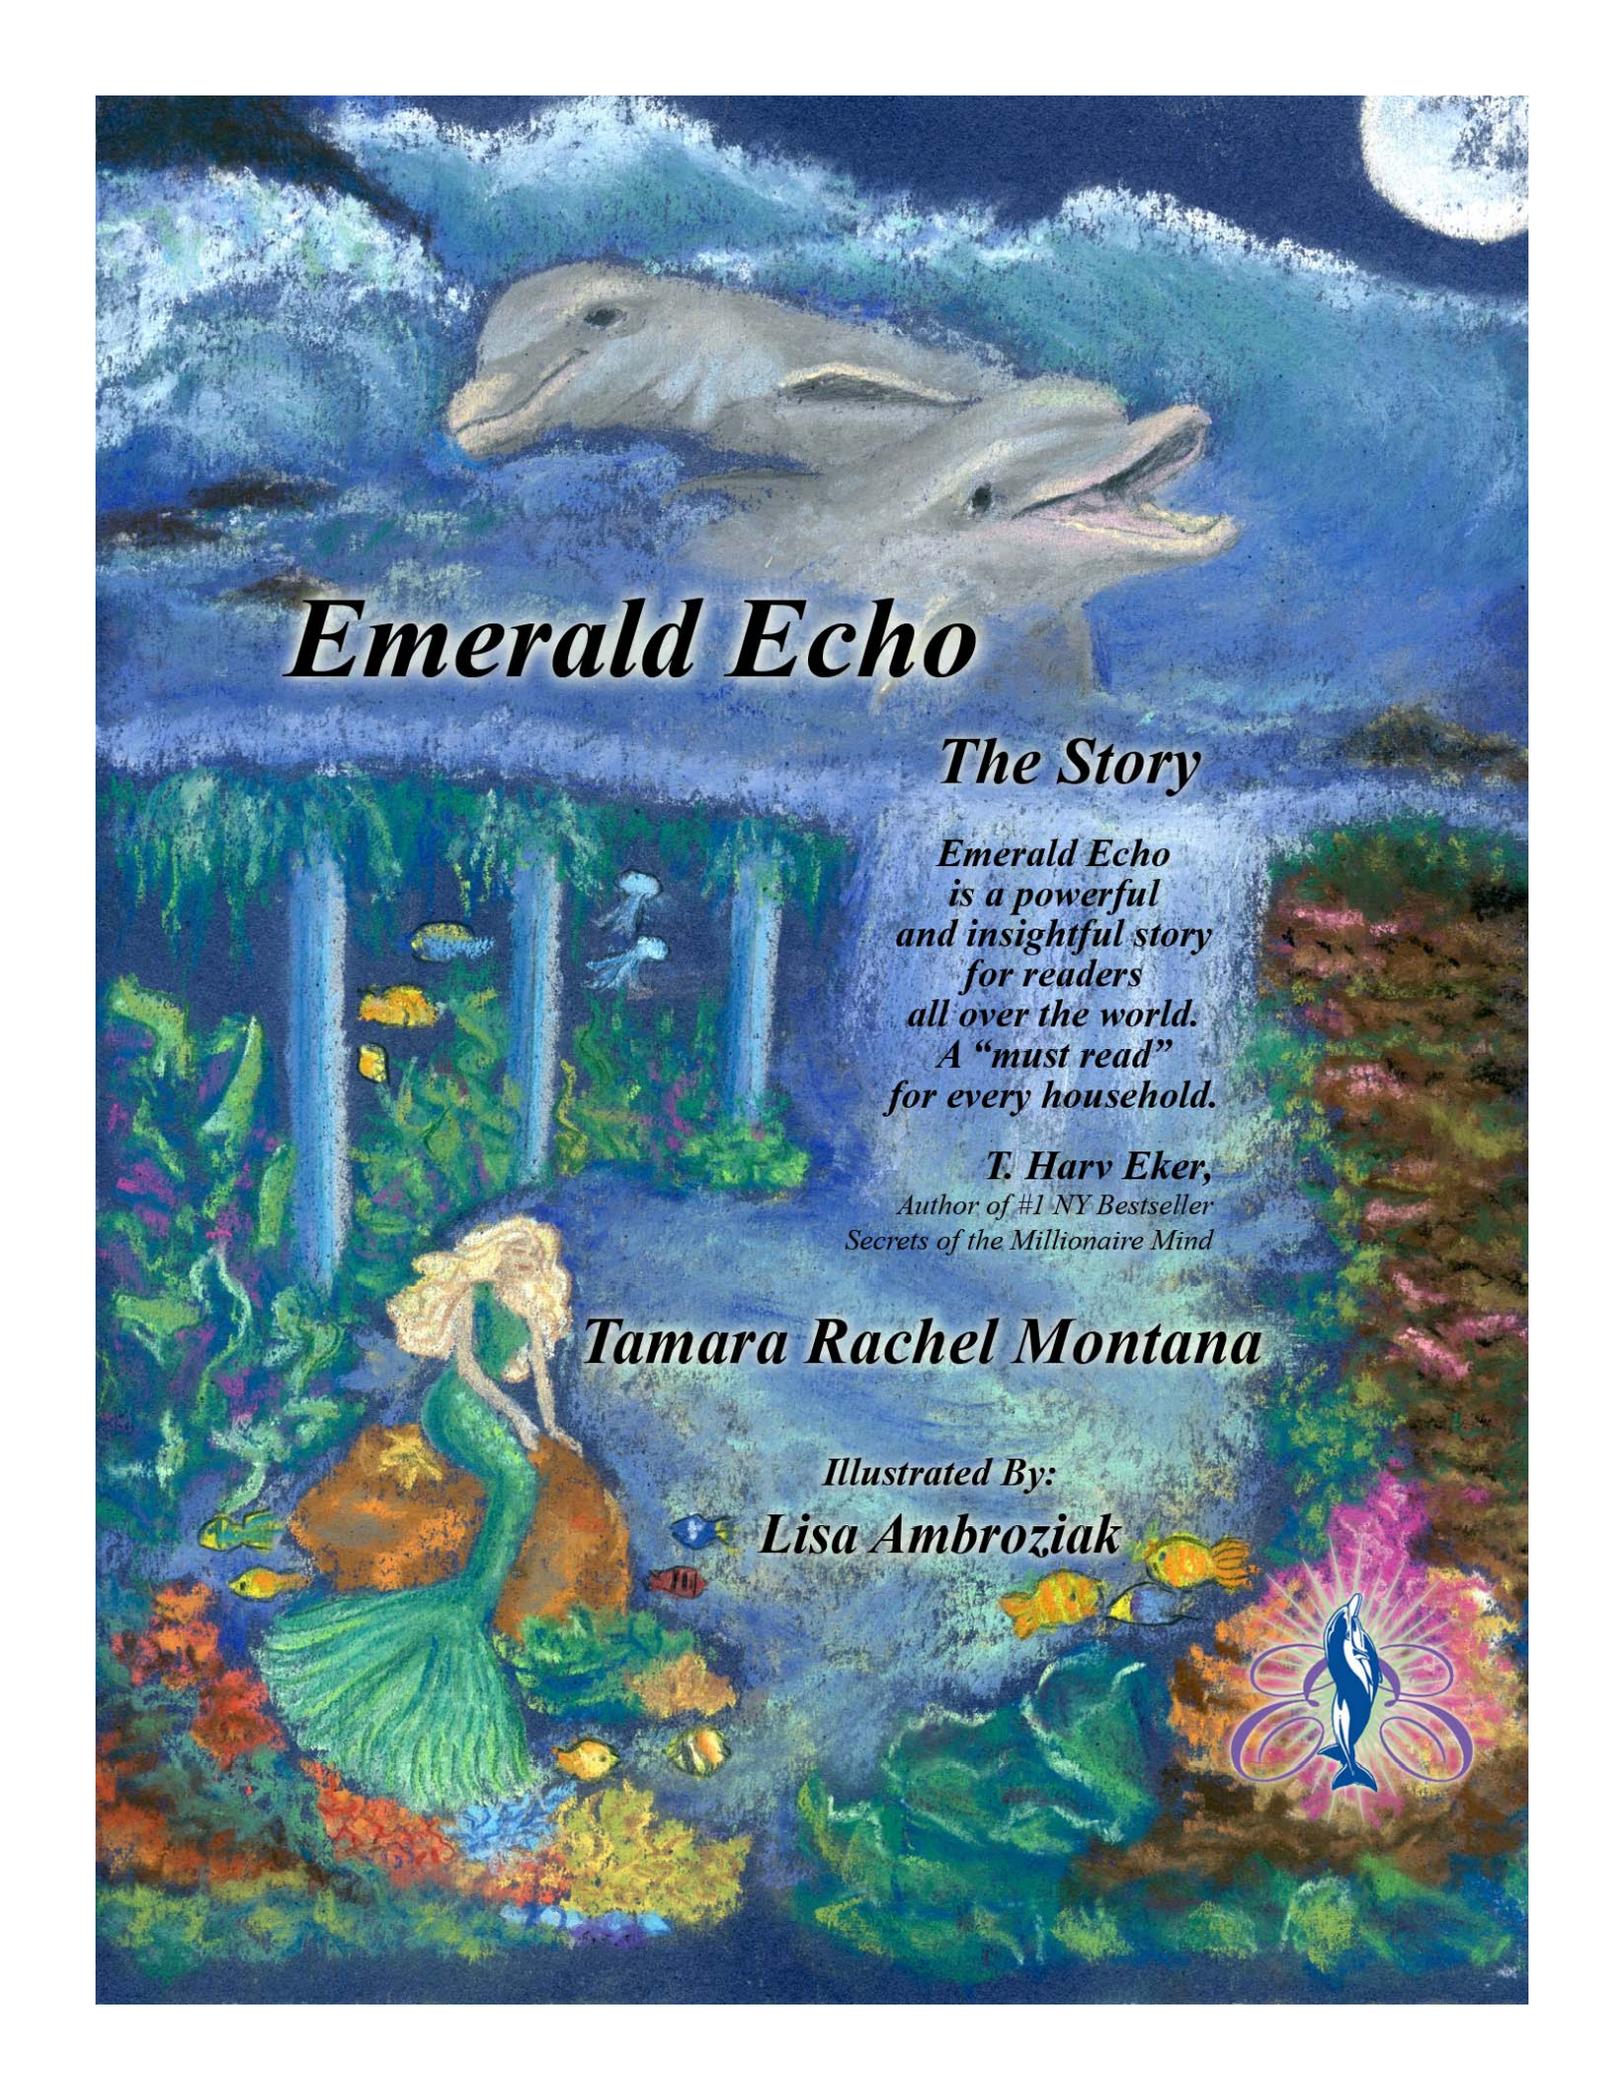

For fifteen years she has successfully worked with individual adults, couples and abused children. Her passion is leading workshops with her husband in strengthening “Divine Partnerships” inside “Virtuous Cultures.” Having your authentic culture be your brand has proven to enhance enormous success and pleasure within healthy families and corporations.

As a former Social Worker for eleven years, Tamara no longer wanted to be the ambulance at the bottom of the cliff, she wanted to be the fence at the top – so, she started teaching. For six years she was a College Professor of Human Sexuality. Thousands of students reported that Tamara’s healing and entertaining style of addressing sensitive topics, transformed their lives.

Tamara has written her first book (soon to be published): *Living on the Edge of Goodbye... A Story of Hope, Healing and Encouragement after Betrayal*. A guide to leaving in love, knowing love is never gone, but patiently awaits your return. She is also featured in *Law of Business Attraction* by Ruby Yeh.

She has just published her third book, a colorfully illustrated story for children of all ages: *Emerald Echo, The Story... A Unique Underwater Journey “Within” that Explores the Universal Truths of Forgiveness and Freedom. A Course in Miracles* made simple for families. The book series has been likened to The Chronicles of Narnia. Her fourth book is entitled: *Emerald Echo, The Secret... There are Many Ways to the Center of Your Heart*.
